

RETREATS & WORKSHOPS

At Flag is Up Farms

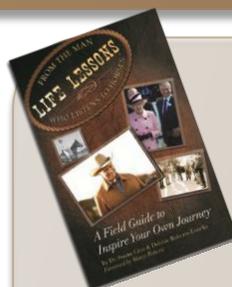

A Night of Inspiration Retreat

Connect with living legend and New York Times bestselling author Monty Roberts at his famous Flag Is Up Farms. Bring your group to watch the action at the round pen, as a young horse is gentled for the first time. Learn how effective positive reinforcement, affirmation and trust are in shaping the relationship between horses and humans. Then enjoy a lavish barbecue dinner at Monty's home overlooking the farm in the lush Santa Ynez Valley, CA. Your group will leave with a renewed inspiration and appreciation for the power of affirmation.

Life Lessons from The Man Who Listens to Horses

This workshop will inspire and provide a hands-on forum for you and your group to learn from the famous horse whisperer, Monty Roberts. How did Monty fulfill his dream to become an International thought leader? What setbacks did he encounter on his journey? This workshop allows you to benefit from his learning lessons and apply them to your own life. Contact us to design the perfect workshop for you and your group.

The Leadership Challenge Program at Flag Is Up Farms

There is no more effective place to learn about how to become an effective leader than at Flag Is Up Farms. This workshop is custom-designed for a single or multi-day format. The workshop includes a pre-program assessment, The Leadership Practices Inventory (LPI). The main session includes both classroom based and hands-on learning activities, including team challenge activities and learning to lead horses with trust-based communication. Participants will enjoy intimate leadership discussions with Monty Roberts, and learn about his authentic approach to leading with the Five Practices of Exemplar Leadership® Model.

Building Effective Teams

Teamwork skills are now essential in any workplace. This workshop uses the DiSC® Personal Profile Assessment to help team members manage and leverage each other's unique styles and differences. The workshop includes classroom based and team challenge activities to help groups develop their teamwork skills. Teams will learn about high performance team work by using team principles taken from Monty Roberts' collaboration with horses. This exciting workshop concludes with your team creating their own action plan to help transfer their key learnings back to the workplace.
