

"Monty, your time and expertise is invaluable. Our win in the Melbourne Cup 2013 was a result of a year working together as a team; getting the talented, yet bullish, Fiorente to accept a more user-friendly approach to training and racing. I thank you from the bottom of my heart for all the time and energy you gave me to help make this Cup win happen."

TRAINING PROGRAMS

Flag Is Up Farms trains young horses to learn the basic principles from the ground up. All horses begin their training in the safety of the round pen. Each horse experiences an individualized training program according to his ability, enabling the horse to enjoy his work and develop a cooperative partnership with riders and handlers. Every care is taken to always have the safest surface on the well-maintained 5/8-mile oval racetrack. Flag Is Up gives young horses the competitive advantage with experienced exercise riders who have patience, balance and good hands.

“There is no better training program for my yearlings on the planet than that at Flag Is Up Farms. They are the true professionals without question.” - John Moore, 2007, leading Hong Kong trainer and buyer of Electronic Unicorn. Electronic Unicorn, winner of multiple Group I races, was started in training at Flag Is Up Farms.

FLAG IS UP FARMS is the internationally renowned starting point for some of the world’s most successful racehorses. Monty and Pat Roberts, with their team of exceptional trainers, have used violence-free, Join-Up® training methods to start horses on their way to happy, healthy and successful careers for over 40 years. Our trainers and riders give our horses the foundation for a competitive edge. Experienced exercise riders train our horses to become focused athletes from the outset of their professional careers. Successful Thoroughbreds trained at Flag Is Up Farms include Santa Anita Derby winner An Act, Prix de l’Arc de Triomphe winner Alleged, Germany’s champion three-year-old Lomitas, Gr. I Stakes winner Sabiango and multiple Graded Stakes winners Profit Key and Carson City.

Sabiango: From our track to winning the \$350,000 Charles Whittingham Memorial Handicap Gr. I in 2004

Alleged: From our track to back to back wins in the Prix de l’Arc de Triomphe

QUARANTINE

For export Flag Is Up Farms offers a worldclass, USDA-approved quarantine facility, with twelve stalls, a six-horse Rower & Rub equine exerciser, wash racks, turnouts, a round pen, security fencing and 24-hour professional care. This new facility is designed so the horses preparing to travel meet their quarantine period requirements while maintaining their physical fitness through daily exercise and a carefully supervised nutritional program. Top-level veterinarians from the Santa Ynez Valley support the horses needing veterinary care.
