*Safety. Trust.
Companionship.*

"The reason we purchased both our Willing Partners horses was for the peace of mind knowing that they were started from the beginning with gentle methods. Having a happy horse with good conformation, well trained and supported by Monty even after the purchase, was worth everything to us."

 **WILLING
PARTNERS™**

A horse you can depend on.

Non-Violent Training Creates Willing Partners™

A **willing partner**...isn't that what every horse person wants? A horse that goes about his job happily, is dependable, safe, and has a solid, non-violent training foundation. A Willing Partner™ is a horse that has been chosen for you personally by Monty & Pat Roberts, a couple who have spent a lifetime seeking out and training beautiful, bright and gentle horses for people just like you...

So how do Monty & Pat set about creating Willing Partners™? A graduate from the Willing Partners program requires sometimes up to 30 months of training. With the goal being to produce relaxed and reliable horses in a variety of circumstances, time and patience is essential.

*"We do it because **we love the challenge of producing wonderful horses who are truly finished in their training.** In addition, we meet fantastic people and generate relationships globally that have stood the test of time since our first sale." ~Monty*

Willing Partners™ horses must meet Monty and Pat's **strict requirements** to become graduates from the program. They must also have excellent ground manners, side-pass to a mounting block, stand perfectly still to be mounted, load into a trailer reliably and easily, & stand for the farrier.

"Monty and his team made great efforts to find the perfect match for our daughter Rina, who has spina bifida. They were very attentive to her needs and had great ideas and imagination for training the horse to respond to Rina's cues...We felt they had Rina's best interest at heart...they are very competent."

WHAT MAKES WILLING PARTNERS HORSES UNIQUE?

Monty: The time, patience and thoroughness of the program. These horses are selected for their temperament, conformation and color, then trained for reliability and partnership. They are trained by my concepts and as such they will not experience pain or fear. They learn to trust people and thus we create horses that in turn can be trusted.

CAN A WILLING PARTNER BE CUSTOMIZED TO FIT MY NEEDS?

Monty: When the need arises, we can custom train a horse in our program for a client's specific needs. This is a very specialized effort. We have custom trained horses to become foxhunters, ranch horses, and therapeutic riding horses. The great thing about the horses in this program is that they are malleable and versatile; they can fit in well to a variety of different circumstances.

MAY I VISIT THE FARM TO OBSERVE WILLING PARTNERS IN TRAINING?

Monty: Of course. We are open to the public Monday-Friday 9am-5pm.
