Question

Horses play a central role in many religions, even in Christianity. What might be the reason for this?

Answer

It is my opinion that the flight animal, a herbivore, and the fact that they are preyed upon by virtually all carnivores, is the reason we humans are intrigued by how different they are from us. Over the generations I believe that we human beings have been infatuated by the freedom they enjoy to fly over the grasslands with incredible athleticism.

Sincerely,

**MONTY'S PRINCIPLES
HORSE SENSE FOR PEOPLE**

Dear Monty and Pat,

You both are so great, that I haven't enough space to Thank You both for helping every horse and person realize that there is a better way to achieve a willing partner without force and brutality. You both have my vote to be the King and Queen of Horsemanship and Humanity.

I found your book by chance a second hand store, 1st edition to US. I only wish I had found it much earlier in my life as I'm going to be 57 in October 2017. I have loved of animals all my life, especially horses. When I was nine we lived across from Devonshire Downs in Northridge CA. when it was still a horse ranch. It was a fun place to visit and watch them school young horses. I would go to the local Westward Ho rental stable to ride. We moved to Van Nuys, Ca. in 1971 to street that still had horse property.

My friend had horses, and we would ride all over the Sepulveda Dam and the cornfields. I rode a roan Quarter and Debbie a old big Cremelo Thoroughbred, we would race those two at full speed through the cornfields. Some of the best times in my life have been spent on the back, and beside, my horses. I have had a few of my own horses in my adult life as well. As I was reading your book I realized that I was doing a lot right, as I have never abused or tried to force my wants on them. I was also horrified at some of the techniques used to break horses as never knew people did that sort of thing. The resources that are available today were not when I was riding, so I just winged it, mostly used just common sense, and gained full trust of every horse I ever owned. I wish that I could have gone further into the field as a trainer or something. My love for horses has brought them back into my life as I have two horse and a POA pony rescue cases.

Yours Truly,
Janet, Mystery, Copper the pony, and Little Bit of Honey

MONTY'S CHALLENGE

Test yourself each week as I challenge you to answer the question below. I mean this. Sit down and write an answer. Don't wait for my answer next week. If you have been reading my Weekly Questions and Answers for the last six months, you should be in a position to do this. Send your answer to my team at: askmonty@montyroberts.com

Why should you bother? Because it will help you focus. There is probably a comparable question in your life that needs answering... or will be. If you can gain insight into how to go about answering a practical question that is loosely related to your problem, this exercise will help you answer your nagging question. Then read my answer. I want all of my students to learn to be better trainers than me. That's good for you and good for horses!

~ Monty
