Question

Why should no one eat a horse?

Answer

Over the millennia horses have helped us so much with so many aspects of our lives that I simply feel we have no right to eat them. They have plowed our fields, carried us into battle, transported our families and even provided us with hundreds of forms of entertainment. For me, horses are too close to our lives to be considered food.

HORSE SENSE FOR PEOPLE**

Monty and Pat:

The world of happiness surrounds you and everyone that has the honor of meeting you. Thank you for your kind hearts and the love to all the horses in the world.

Janet Slutsky

"The more time I spend with my horses the more I realize that over the years the human species has given them far too little credit where intelligence is concerned," Monty Roberts.

MONTY'S CHALLENGE

Test yourself each week as I challenge you to answer the question below. I mean this. Sit down and write an answer. Don't wait for my answer next week. If you have been reading my Weekly Questions and Answers for the last six months, you should be in a position to do this. Send your answer to my team at: askmonty@montyroberts.com

Why should you bother? Because it will help you focus. There is probably a comparable question in your life that needs answering... or will be. If you can gain insight into how to go about answering a practical question that is loosely related to your problem, this exercise will help you answer your nagging question. Then read my answer. I want all of my students to learn to be better trainers than me. That's good for you and good for horses!

~ Monty
