Question

Animals are often used therapeutically, the horse in particular. Why is the horse particularly suitable?

Answer

In my work with troubled human beings, I have found great assistance from horses. It seems to me that when one can cause a horse to trust them, the trust is transferred to the human so that they can also trust. I believe that horses do not cure us of anything, but they provide us with a tranquility that causes us to heal ourselves.

I could write a book on this, but it is a complicated issue that provides the human with a large number of opinions. I spent a lot of my life working in this area and forming my own conclusions. The bottom line is that I feel horses are extremely helpful in this process.

Sincerely,

ONLINE PRODUCT: HORSE SENSE FOR PEOPLE

In *Horse Sense for People*, Monty asks us to rethink the way we use power over others and shows us how with people, as with horses, the gentle way is the better way. Practical, philosophical and provocative, *Horse Sense for People* demonstrates how trust, respect and communication – not coercion – are the keys to fruitful relationships.

**MONTY'S PRINCIPLES
HORSE SENSE FOR PEOPLE**

Dear Monty,

We wanted to let you know how much we enjoyed the demo last night. We work with children with behavioral challenges and adults with learning difficulties, here at Horseland CIC, and your methods and teaching are invaluable to us in training our team of horses to work with this very vulnerable group.

Thank you very much,
Cathy and Lisa

MONTY'S CHALLENGE

Test yourself each week as I challenge you to answer the question below. I mean this. Sit down and write an answer. Don't wait for my answer next week. If you have been reading my Weekly Questions and Answers for the last six months, you should be in a position to do this. Send your answer to my team at: askmonty@montyroberts.com

Why should you bother? Because it will help you focus. There is probably a comparable question in your life that needs answering... or will be. If you can gain insight into how to go about answering a practical question that is loosely related to your problem, this exercise will help you answer your nagging question. Then read my answer. I want all of my students to learn to be better trainers than me. That's good for you and good for horses!

NEXT WEEK'S QUESTION

Are horses similar in character, or are there different horse characters as human characters?
