Greetings!

Question

Dear Monty,

What is your most memorable Join-Up experience in all of your years, and why?

Answer

The most memorable Join-Up® I ever conducted was here at home with only one viewer at the Round Pen. She was a mustang mare who had recently been weaned from her foal. She was completely untouched by humans and after achieving Join-Up, attacked the saddle. It was on the ground and she literally ripped it to shreds. I believed I was next on the menu but in attempting to leave the Round Pen she appeared to be attacking me. I was on the ground in fetal position when I realized the mare was dripping milk on my jeans. With one human contact in her life, this mare adopted me and went on to be a champion in the show ring. Most horsemen would say this is a story from Fantasia but it actually happened as I have outlined it.

Sincerely,

ONLINE PRODUCT REVIEW: MONTY'S BOOKS

"I bought this book for my Grandmother for Mother's Day as she is an avid rider. I couldn't help myself and read it when it arrived before I gave it to her. I didn't know very much about Monty Roberts before reading it. What an amazing man! His stories were both interesting and captivating. He really provides insight into the world of horses. I would love to see him in action. I'm sure my Grandmother is going to love this book."

MONTY'S CHALLENGE

Test yourself each week as I challenge you to answer the question below. I mean this. Sit down and write an answer. Don't wait for my answer next week. If you have been reading my Weekly Questions and Answers for the last six months, you should be in a position to do this. Send your answer to my team at: askmonty@montyroberts.com

Why should you bother? Because it will help you focus. There is probably a comparable question in your life that needs answering... or will be. If you can gain insight into how to go about answering a practical question that is loosely related to your problem, this exercise will help you answer your nagging question. Then read my answer. I want all of my students to learn to be

better trainers than me. That's good for you and good for horses!
