Greetings!

## Question

In the last five years, what new belief, behavior or habit has most improved your life as a horseman?

## Answer

Living up to my list of sayings has assisted me greatly in the last 30 years. It was really the completion of [my first book](#) that promoted these sayings, which are simply expressions of the things I have learned mostly from the flight animals I call my professors. My obsession with better understanding the flight animal has served me well to improve my horsemanship.

Recently a deer has been my greatest professor of the subjects 'into pressure' and the flight animal. He was rescued as a triplet and would have perished if not for his mother who saw fit to bring her three fawns to our front yard, the smallest one weighing 3.5 pounds, unable to nurse and barely able to walk. He is thriving now and will soon be part of our release program. He has been a source of joy and a university of concepts for me.

Sincerely,

## **MONTY'S CHALLENGE**

Test yourself each week as I challenge you to answer the question below. I mean this. Sit down and write an answer. Don't wait for my answer next week. If you have been reading my Weekly Questions and Answers for the last six months, you should be in a position to do this. Send your answer to my team at: [askmonty@montyroberts.com](mailto:askmonty@montyroberts.com)

Why should you bother? Because it will help you focus. There is probably a comparable question in your life that needs answering... or will be. If you can gain insight into how to go about answering a practical question that is loosely related to your problem, this exercise will help you answer your nagging question. Then read my answer. I want all of my students to learn to be better trainers than me. That's good for you and good for horses!

~ Monty
